

Film soundtrack task

Task: You have been asked to select music to match the scenes. The songs we played you earlier were the ones we have the rights to. We can probably just about afford to license one more song. So, if you have a suggestion for one that would work, we can probably manage that. Oh and the ending; any ideas?

Scene no.	Location	Description
1	A party in mid-summer	A guy and a girl meet in the kitchen as both are looking to get away from the main room and begin to chat. At the end of the chat they both look back as they walk away from each other.
2	On a train In the office	The guy is sat on a train thinking about the previous evening and the girl. The girl is thinking about the guy
3	At a street market	They bump into each other and go for coffee. They spend ages staring into each other's eyes.
4	Park	Romantic picnic in the park.
5	Months later, now winter. At the girl's fashionable apartment	The conversation turns into an argument. Both of them are sniping at each other. He leaves, slamming the door as he goes.
6	On a train In the office	She is sat, staring into space, looking sad. He sits at his desk reading old messages.
7	His kitchen / Her hallway	He calls her, they end up arguing again. They finish the relationship.
8	Cold winter's day	She is walking by the river, looking sad. It is clearly cold, but she seems unaffected.
9	Late spring at the same street market	They make eye-contact and acknowledge each other. After a few minutes he runs after her to speak to her.
10	The same as above.	Unsure. – you need to complete this.
